**Subject:** RE: British Enrolment Partners Proposal

Dear Helen,

I hope you are well.

I wanted to follow up to check that you received the proposal I sent across regarding BEP and Queen's College Taunton, and to see whether you have had chance to consider the models.

I would welcome the opportunity to discuss how we could work together to support Queen's College's international recruitment objectives, including key markets, recruitment priorities and planned enrolment targets. It would also be useful to understand which of the partnership approaches outlined in the proposal may best align with the College's requirements, whether that is the Fixed Retainer or Performance Partnership. If you have any questions about the models, scope of activity or how BEP could support the College across its international recruitment strategy, I would be very happy to talk these through and provide any additional information you may need.

It would be great to arrange a short call to explore this further and identify the most effective way for us to support Queen's College. Please let me know when might be convenient for you.

Kindest regards

John

Dear Helen,

Thank you again for the opportunity to meet and to learn more about Queen's College and your international recruitment priorities.

Please find attached our proposal for British Enrolment Partners to support the College's international enrolment strategy. We have developed the proposal with our discussions in mind and believe BEP can provide Queen's College with additional international reach, market coverage and access to our established agency network and in-market representation.

We hope the proposal provides a clear outline of how we could work together and the value BEP can bring to the College's international recruitment objectives.

I would be very pleased to discuss the proposal at your convenience and to explore the next steps should you feel the partnership could be a good fit for Queen's College.

Thank you again for your time and consideration.

Kind regards,

John

Hi Helen

I trust this e-mail finds you well.

We would be delighted to meet on a Teams call and provide further information about British Enrolment Partner and learn more about Queen's College Taunton.

Would 2pm on Wednesday possibly work for you?

Thanks & kindest regards

John

No messing about at BEP!

We'll look at diaries and revert 🙏

Best wishes,

Andrew

Hi Andrew,

I hope you are well?

Your email has found its way to me via our Bursar so I am sorry for the delay in returning to you. I would be very interested in having a chat with you to determine how we may work together. I am in the office until Thursday and then will be travelling, but can be available at various points. Let me know when would work for you.

Kind Regards

Helen

Subject: British Enrolment Partners will deliver you more qualified boarders

To: <[kfd@queenscollege.org.uk](mailto:kfd@queenscollege.org.uk)>

Hi Kim,

A few weeks on from British Enrolment Partners launch, I wanted to come back to you with the two things schools keep asking about: exactly what's included, and what happens if it doesn't deliver.

First, what's included. BEP is a full-service international enrolment function, not another agent. Working with BEP means all of this is handled for you, as one coordinated operation:

- Market strategy: which territories fit your school, and in what order
- Agent network recruitment, vetting and management, drawing on 700+ vetted agents worldwide
- Agent training and compliance support, to one consistent standard
- Always-on lead generation and family nurturing, in and out of term time
- Application handling through to enrolment, with every offer decision staying with you
- In-territory representation, so your school is present in market without your staff on planes
- Full pipeline visibility: your families, your data, your relationships throughout

Your existing agents and their commission arrangements stay exactly as they are, and we don't require full exclusivity to work together.

[You can also find out more about BEP here.](#)

Second, the commercial side. There are two ways to work with BEP:

- A performance partnership based on a commission fee for every recruited boarder, with no upfront fee at all. If BEP doesn't deliver enrolled pupils, it doesn't cost you anything.
- A retainer partnership which guarantees the same service level as above but limits your recruitment costs, and here's the part worth reading twice for schools that work with BEP on a retainer partnership basis....

**If BEP hasn't generated at least ten new qualified applications for September 2027 entry (subject to territories BEP is authorised to support in), over and above your current baseline, by February half term 2027, we waive the retainer entirely from March to the end of June.**

Ying, the Founder and CEO of BEP is that confident in what the team will deliver.

To be precise about what we're guaranteeing: qualified applications from right-fit families who've been through the full enrollment process for your school.

The decision to admit is always yours, so nobody can honestly guarantee enrolments, but we can and do guarantee the pipeline that produces them. One additional boarder is worth £40-60k a year in fee income; ten more qualified applications could mean a very different September 2027 for most boarding schools.

And that's the minimum uplift we expect. Not the maximum. We're talking with schools with 100s of boarders where we foresee far bigger increases in enrolment pipeline.

The first step, as ever, is a free audit of your current agent coverage and effectiveness, under NDA, with a written undertaking not to approach any agent we see.

If you'd like to talk any of this through, just reply to this email and I'll get a call booked in. We've got our next availability window for calls or visits to schools between Wednesday 5 and Monday 10 August, and we are well on the way to finalising our founding partner schools.

Let me know when works for you and I'll come straight back to you.

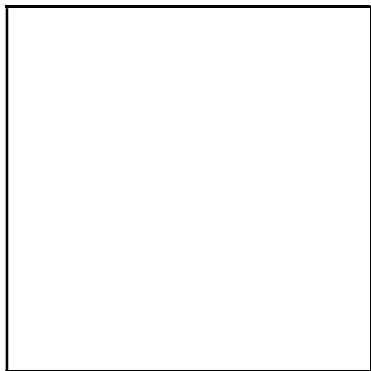

Best wishes as always,

Andrew
